# Symptoms caused by exposure

Direct contact with eyes may cause minor irritation.

### Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. Seek medical attention if symptoms persist.

SECTION 5	Fire Fighting Measures
Extinguishing equi	nment
Suitable	Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
Unsuitable	Anything that could spread the fire and or risk the safety of surrounding personnel.
Specific hazards ar	<b>rising from the chemical</b> None known.
Specific protective	equipment and precautions for fire fighters Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.
Hazchem Code	Not available.
General fire hazard	<b>s</b> No unusual fire or explosion hazards known.
SECTION 6	Accidental Release Measures
For non-eme For emerger Environmental pree	Avoid discharge to drains, water ways or onto the ground. rials for containment and clean up Large spills – If safe to do so contain spill. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations.
	Small spills – Clean up with brush and shovel.
SECTION 7	Handling & Storage
Precautions for saf	<b>e handling</b> Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Do not eat, drink or smoke while during use. Always wash hands after use.
Conditions for safe	e storage, including any incompatibilities
	Store in a cool, sheltered location away from direct sunlight and sources of heat. Keep containers tightly closed at all times when not in use. Store in clearly labelled containers.
SECTION 8	Exposure Controls / Personal Protection

## Occupational exposure limits (OEL's)

No OEL's noted for this product.

#### **Biological limit values**

No biological exposure values noted for this product.

#### Appropriate engineering controls

Use in a well-ventilated area. If required use local exhaust ventilation.

# Individual protection measures, for example personal protective equipment (PPE)

### Skin protection

Under normal conditions of use should not be required.

**Hygiene measures** Use and maintain good industrial hygiene. Always wash hands after use. Do not eat, smoke or drink when handling this product.

Physical & Chemical Properties	
Coloured, malleable dough	
Characteristic wheat flour odour	
Not available	
	Coloured, malleable dough Characteristic wheat flour odour Not available Not available

#### **SECTION 10**

## Stability & Reactivity

**Reactivity** Product is considered non-reactive under normal conditions of use, storage and transport.

**Chemical stability** Product is considered stable under normal conditions of use, storage and transport.

#### Possibility of hazardous reactions

No hazardous reaction known under normal use.

Conditions to avoid No specific data available for this product.

#### Incompatible materials

None known.

#### Hazardous decomposition

If engulfed in fire product may give rise to the release of obnoxious fumes including oxides of carbon.

SECTION 11	Toxicological Information

# Information on possible routes of exposure

- Inhalation No adverse effects expected due to inhalation.
   Skin contact Unlikely, but minor irritation may occur in some individuals.
   Eye contact Unlikely, but minor irritation may be expected in some individuals if in eyes.
- **Ingestion** Expected to be low ingestion hazard. Product does contain gluten from a wheat source.

#### Symptoms related to exposure

Minor irritation in some individuals,

Skin contact - symptoms may include redness and itching.

Acute No specific data available.

#### Skin corrosion / irritation

Prolonged skin contact may cause minor irritation in some individuals.

#### Serious eye damage / irritation

May cause minor irritation in some individuals.

#### Respiratory or skin sensitisation

Not a respiratory sensitizer. Not expected to cause skin sensitisation.

Carcinogenicity No data available.

## Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

# **Additional Information**

Product contains gluten from a wheat source.

This product does NOT contain,

Egg, dairy, soy, seafood, shellfish, sesame or peanut products, by-products or derivatives

SECTION 12	Ecological Information	

**Ecotoxicity** No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

## Persistence and degradability

No specific data available.

#### **Bio accumulative potential**

No specific data available.

Mobility in soil No specific data available.

## SECTION 13 Disposal Considerations

**Disposal methods** Dispose of this product and any water contaminated with this product in accordance with local regulations.

#### **Contaminated packaging**

The container in which the product is/was contained should also be disposed of in accordance with local regulations.

SECTION 14	Transport Information	
ADG	Not regulated as dangerous goods.	
ΙΑΤΑ	Not regulated as dangerous goods for IATA	
IMDG	Not regulated as dangerous goods.	
Special Precaution	ons No special precautions or requirements for transport	

SECTION 15	Regulatory Information	

#### Safety, health and environmental regulations

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

# Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)

Not allocated

AICS

Components are listed in the Australian Inventory of Chemical Substances.

<b>SECTION 16</b>	Other Information
Reason for Revisior	Review and update information in accordance with GHS requirements.
Update	Section 1 information changes.
ADG	Australian Dangerous Goods Code
AICS	Australia Inventory of Chemical Substances
IATA	International Air Transport Association
IMDG	International Maritime Dangerous Goods Code
